## Summary

I'm a passionate Full Stack Software Developer with a strong focus on Frontend technologies. I love crafting intuitive, responsive, and user-friendly web applications using JavaScript, TypeScript, React.js, Node.js, and other modern libraries and frameworks.

With hands-on experience across the full development lifecycle—from planning and architecture to deployment—I thrive in fast-paced environments where clean code, collaboration, and continuous learning are valued.

### Tech I work with:

React.js, Next.js, Node.js, Express, TypeScript, JavaScript (ES6+), Tailwind CSS, MongoDB, and REST APIs.

Always exploring new tools, frameworks, and best practices to stay at the cutting edge of web development.

Let's connect and collaborate on something great!
